

CMMI[®] Institute

Start Your Journey To

Data Management Maturity (DMM)SM

With A DMMSM Assessment

In a DMM Assessment, a certified Enterprise Data Management Expert (EDME)SM facilitates the evaluation of your program against the Data Management Maturity model's documented best practices. In three weeks, you will know your strengths and gaps in detail, along with actionable recommendations including:

QUICK WINS

TACTICAL IMPROVEMENTS

STRATEGIC INITIATIVES

Our unique process incorporates collaborative workshops, individual interviews, evaluation of current practices, and expert analysis to produce a detailed report on the state of your data management program. Our clients have achieved measurable improvements to their data management programs with DMM Assessment results. **Start your journey to Data Management Maturity by visiting CMMIInstitute.com/DMM or sending an email to info@cmmiinstitute.com**
